

## Intern Architect Position: September 2018 Start

Gibraltar Design is looking for an intern architect to join starting September 2018. We are a full-service architecture and engineering team celebrating 20-plus years of design excellence in the K-16 market from our office on the Northside of Indianapolis. We strive to provide opportunities for personal and professional growth.

Candidates applying need to be in the third year of undergrad or first year of graduate school – experience in an office not required – **we want to teach you!** Working knowledge of REVIT is a preferred – including basic family building. Knowledge in ACAD, Word, Excel and PowerPoint a plus. Desired graphic skills include Sketchup, Adobe Photoshop/Illustrator and hand drawing (rendering) capabilities which are important in assisting a successful project delivery. Working hard and being a team player are just as important.

If you have these skills, please submit cover letter, resume and two-to-three studio/project examples to Bryan Ziolkowski [bziolkowski@gibraltardesign.com](mailto:bziolkowski@gibraltardesign.com) at Gibraltar Design. Limit file size to 9.5 MB to ensure receipt. Compensation commensurable to experience. No phone calls, please.

Gibraltar Design is an equal opportunity employer.
