

Intern Architect Position: January 2021 Start

Gibraltar Design is looking for an intern architect to join our team starting January 2021. We are a full-service architecture and engineering team celebrating 25-plus years of design excellence in the K-16 educational market from our office on the Northside of Indianapolis, Indiana. We strive to provide opportunities for personal and professional growth.

Candidates applying need to be in the third year or higher of undergrad (5-year program) or first year of graduate school – experience in an office not required – **we want to teach you!** Working knowledge of REVIT is a preferred along with knowledge in ACAD, Word, Excel and PowerPoint a plus. Desired graphic skills include Sketchup and the Adobe Suite capabilities which are important in assisting a successful project delivery. Working hard and being a team player are just as important.

If you have these skills, please submit cover letter, resume and two-to-three studio/project examples to Brittany Black bblack@gibraltardesign.com at Gibraltar Design. Limit file size to 15 MB to ensure receipt. Compensation commensurable to experience.

Gibraltar Design is an equal opportunity employer.
