

## Intern Architect Position: 2022 Start

Gibraltar Design is looking for an intern architect to join our professional design team. We are a full-service architecture and engineering team celebrating 25-plus years of design excellence in the K-16 educational market from our office on the Northside of Indianapolis, Indiana. We strive to provide opportunities for personal and professional growth.

Candidates applying need to be in the third year or higher of undergrad (5-year program) or first year of graduate school – experience in an office not required – **we want to teach you!**

Working knowledge of REVIT is a preferred. ACAD knowledge is also a plus. Word, Excel and PowerPoint desired as well as graphic skills like Sketchup and Adobe Suite capabilities, which are important in assisting a successful project delivery.

Programs above are preferred but not required so please apply even if you are not proficient in some. We can teach you!

Working hard and being a team player are just as important.

If you have these skills, please submit cover letter, resume and two-to-three studio/project examples to Kris Kingery [kkingery@gibraltardesign.com](mailto:kkingery@gibraltardesign.com) at Gibraltar Design. Limit file size to 15 MB to ensure receipt.

Internship is paid but compensation commensurable to experience.

Gibraltar Design is an equal opportunity employer.
